OASIS IN THE CITY

AB Cavalier is an oasis in the city. This 11 storey, 162-unit mid-rise residential condominium in JVC introduces AB DEVELOPER'S well-honed residential design sensibilities to Dubai. The architecture seeks to manipulate notions of interior and exterior space by seamlessly weaving twelve private swimming pools with generously appointed living spaces, integrating the natural elements of water, fire and light with interiors of crafted luxury.

Direct Beach Access

NATURAL NORDIC GLAM

The interior design is a minimal and clutter-free interior design style that emphasizes airy spaces, natural light, and clean lines.

Ab Cavalier has a lot to please interior design fans, starting with distinctively refined aesthetics and stunning architectural details.

The color scheme is inspired by nature, with beige, grey, brown, and tan shades.

There are also cognac leather and walnut elements in every room, which adds to the look's cohesiveness.

The background is a warm, golden-brown color with a subtle, organic texture. On the left side, there are several thin, white, wavy lines that flow and curve across the frame, creating a sense of movement and depth. These lines are more concentrated on the left and fade towards the right. The overall composition is minimalist and elegant.

A woman with long, dark brown hair styled in two braids is seen from the back, looking out over a vast field of tall, golden-brown grass. The scene is bathed in warm, golden light, suggesting a sunset or sunrise. The text "DESIGNED TO DELIGHT" is overlaid on the right side of the image in a dark green, serif font. The overall mood is peaceful and serene.

THE ARCHITECTURE

The adoption of a pure clean form with subtle geometric shifts creates distinctive and bold gestures that blend both architecture and the urban context. Having pool at private terraces accentuate the luxury quotient embedded in this project.

Italian made kitchen appliances are integrated in all units. Designed with black glass finish which suits the modern aesthetic of the appartement.

Each unit has an integrated smart automated system that is designed to elevate the living experience.
